## LOKI

With the LOKI line, our vision has been to create a beautiful and functional design, which complements the surrounding architecture. To ensure this, the design is characterised by clean lines and shapes that harmonise with the surrounding architectural elements such as windows, doors, and wall surfaces. Repetition as a key word in this award-winning product line. The characteristic line on the case front ties together the product line and creates harmony when LOKI products are displayed side by side.

## TAPS

DAN DRYER TAPS is a product line consisting of sensor-operated high-speed hand dryers, soap dispensers and water faucets in an elegant slim design. The product design stands out thanks to its practical, hygienic and space-saving features. All TAPS are touchless and are either hidden below deck or behind the wall with only the spout affixed to the wash basin/wall.

All prices are excl. VAT | Delivery: Ex Works Randers (DK)

## COLUMN

The size of the column makes it ideal for lobbies and entryways as well as high-traffic public areas such as airports, hospitals, shopping centres, educational institutions, train stations, sports arenas, concert halls, kindergartens etc. The large capacity 5 litre tank is a time saver as it requires fewer refills, and the size and sturdiness of the solution make sure it is not knocked over by users and is easy to spot. Available in 2 sizes - adult and junior.

COLUMN		Price per unit (EUR)
	<b>Art. 3192</b> Hand sanitiser stand with adapter. Capacity: 5 l = 5000 doses. With storage place.	€ 1,354.09
